# HISTORIC AMERICAN ENGINEERING RECORD

## MANCHESTER STREET GENERATING STATION, Fuel Oil Tanks #7 and #8

HAER NO. RI-35-F

**Location:** 460 Eddy Street, Providence, Providence County, Rhode Island

UTM: 19.300220.4631860

USGS QUAD: Providence, Rhode Island

**Engineer/Architect:** United Engineers & Constructors, Inc., Philadelphia (engineers)

**Date of Construction:** 1940

**Present Owner:** Narragansett Electric Company  
460 Eddy Street  
Providence, Rhode Island 02903

**Present Use:** Fuel oil storage

**Significance:** The two identical, 42,500-barrel, steel Fuel Oil Tanks #7 and #8 (originally known as #1 and #2) are each approximately 100 feet in diameter and surrounded by a 14 feet high concrete dike. They store fuel oil for delivery to the Station (HAER No. RI-35-A). They are significant as integral components of fuel supply for the plant's electrical power generation operations.

**Project Information:** This documentation was undertaken in accordance with Section 106 of the National Historic Preservation Act of 1966, as amended, prior to demolition and new construction associated with a repowering project using combustion turbines.
